FootballMania sweepstakes rules

[1] Your game card contains 18 different 3-team combinations randomly generated and randomly assigned to the first 17 weeks of the pro football season, scheduled to begin in Sept. [2] Weekly and season winners are based on the combined points scored by the teams in each week. [3] If two or more cards are tied with the highest total points scored, the "total net yards" is used as the primary tiebreaker. See website for details. [4] Football teams that do not play (have a bye) in a given week are assigned that team's score from the previous week. [5] Minimum odds of winning: 1 in 15.7 for the entire season; 1 in 276 in each week; 1 in 2480 for a grand prize. [6] No purchase necessary to play. Void where prohibited. [7] Sweepstakes ends after all games played. [8] To enter the sweepstakes, the organization on the front of this card must activate the game card number. To request a free game card, ask the organization in person (see contact info on front of the card) for a "free game card request form", complete the form, and mail to the address shown on the request form along with a self-addressed stamped envelope postmarked by week 8. A game card will be assigned to you and mailed in the return envelope sent with your form. [9] See website for additional details.

Each game card can win prizes in all 18 weeks!

Say your card has these three teams in week 10:
