FootballMania SuperMatch rules

[1] Your game card contains 2 numbers for each quarter played in pro football's championship game in February. One number is for the American conference team playing in the game; the other is for the National conference team. See the CharityMania website for team names. [2] At the end of each quarter of play during the football game, compare the last digit of each team's score with the numbers on your card. If both of those digits match the corresponding numbers on your card, then you win! The more quarters you have with a match, the more you win! [3] See front of game card for prize money amounts. [4] No purchase necessary to play. Void where prohibited. [5] Sweepstakes ends on after the game. [6] To enter the sweepstakes, the organization on the front of this card must activate the game card number before the football game begins. [7] To request a free game card, ask the organization in person (see contact info on front of card) for a "free game card request form", complete the form, and mail to the address shown on the request form along with a self-addressed stamped envelope postmarked by before the game. A game card will be assigned to you and mailed in the return envelope sent with your form. [8] See website for additional details and to view winning game cards.
