FootballMania 10 Week Sweepstakes Rules

[1] Your game card contains 10 different 3-team combinations randomly generated and randomly assigned to one of the last 10 weeks of the 2015 pro football season beginning in Oct. [2] Prizes are awarded to the 25 game cards whose teams score the most total combined points relative to all other cards in a given week. The 5 cards that score the most points also receive prizes. Grand Prizes are awarded to the one card with the most points, and one card with the least, total combined points scored over the 10 weeks. [3] If two or more game cards are tied with the same score, 'total net yards' is used as the primary tiebreaker. See website for tiebreaker examples. [4] A football team that does not play (i.e. has a bye) in a given week is assigned that team's score from the previous week. [5] Minimum odds of winning: 1 in 16.9 for the entire season; 1 in 165 in each week; 1 in 2480 for a grand prize. [6] No purchase necessary to play. Void where prohibited. [7] Sweepstakes ends after last game. [8] To enter the sweepstakes, the organization on the front of this card must activate the card number. To request a free game card, ask the organization in person (see contact info on front of card) for a "free game card request form", complete the form, and mail to the address shown on the request form along with a self-addressed stamped envelope postmarked by week 4. A game card will be assigned to you and mailed in the return envelope sent with your form.

**Each game card can win prizes
in all 10 weeks!**

Let's say your game card has the
following 3 teams in week 8:

Team	Point scored in week 8
Chicago	42
Green Bay	35
San Diego	41
Total points scored	118

If your teams score more total
points than any other game card
that week, then you win!
